

**567—27.4(455B) Administrative organization.**

**27.4(1) *Administrative facilities.*** Each local control program considered for a certificate of acceptance shall have the administrative facilities necessary for effective operation of such program including, but not limited to, those listed below.

*a. Agency.* Designation of a legally constituted body within the organizational structure of the applicable political subdivision or combination of political subdivisions, as the administrative authority for the local control program.

*b. Procedures.* Adoption of definite administrative procedures for developing, promulgating and enforcing requirements and standards for air pollution control within the jurisdiction of the local control agency.

*c. Staff.* Employment of a technical and clerical staff deemed adequate to conduct the air pollution control activities in the local control program.

(1) Key technical staff personnel shall have received training or experience in air quality management program procedures.

(2) At least one member of the technical staff shall be assigned full-time duty in the operation of the local control program.

**27.4(2) *Financial support.*** Each local control program considered for a certificate of acceptance shall have adequate financial support for the operation of effective program activities.

**27.4(3) *Physical facilities.*** Each local control program considered for a certificate of acceptance shall have the physical facilities necessary for the operation of effective program activities, including those listed below.

*a. Office space.* Sufficient office space and equipment to accommodate the members of the technical and clerical staff.

*b. Laboratory facilities.* The laboratory space and equipment shall be adequate for the effective exercise of the specific functions required in the operation of the local control program.

*c. Transportation facilities.* These facilities shall include provisions for transportation of personnel to service air monitoring equipment, visits to sources of emissions for investigative purposes and other appropriate program activities.
